

14th October 45.

Dear Mr. Hilton,

Many thanks for your letter of 10th inst. with its various enclosures. I have perused the syllabus with great interest.

It is good of you to go to so much trouble over the arrangements for my visit as I know how important these details can be. I have my travel permit but in view of the various reports of difficulties and delays in sea travel I have decided to travel by air and have made provisional bookings which are awaiting confirmation. I hope to travel to Dublin on Saturday, the 24th and to return the following Thursday. At present I do not require any hotel reservation but I will let you know later if I do. I hope to see you during the morning or afternoon of 28th November. Meantime I thank you for all your courtesy.

With best regards,

Yours sincerely,
