Dear

INSURANCE INSTITUTE OF IRELAND CONFERENCE - GALWAY 14/15TH MAY

Further to the Preliminary Notice issued last January by the President, I now attach brochure giving full details of the Conference/Seminar in Galway next month.

Developments both at home and in the E.E.C. are very significant for our business and we are most fortunate in having such a distinguished panel of experts to speak to us on how these are impacting on all areas of our industry, and more importantly, how they are likely to do so in the future.

As you will see, the papers deal with the entire spectrum of our operations - life and general, brokers, the legal implications of the various EEC Directives, as well as the political perspectives as seen by the Minister of State with responsibility for insurance.

I do therefore hope that you and your colleagues will be with us in Galway. Also you will see that a very attractive programme is available for spouses this year in terms of both content and cost.

I look forward to meeting you in Galway.

Yours sincerely

Deputy President
